Inspector General's Recommendation Number 9e, page 92

Recommended DCI Action: Approve

Inspector General's Statement

Recommended that:

The DTR together with the Director of Personnel take steps to eliminate prejudices that have arisen which tend to assign second class status to DD/S and DD/I careers.

DD/P Comment

Concur. This is a fairly intangible problem and would seem to be best handled by recruiting JOTs from the beginning with an eye to their eventual assignment to a particular directorate. This should present no difficulty, given the different backgrounds required, if as recommended elsewhere in the survey the DDS and DDI look increasingly to the JOTP for a greater number of their young officers.
